Alimak Group appoints Jens Holmberg as Executive Vice President Industrial division

Alimak Group has appointed Jens Holmberg as EVP Industrial division, effective as of 1 September 2023.

Jens Holmberg joins Alimak Group from Sandvik where he most recently held the role as Division President Sandvik Rock Tools, within the Mining and Rock Solutions Business Area. Prior to Sandvik Jens worked as a management consultant at McKinsey & Company. Jens started his career in the manufacturing space at Scania.

“I am very happy to welcome Jens Holmberg to Alimak Group. Jens brings a robust skill set encompassing strategy, leadership, go-to-market planning, operational excellence, M&A, and driving impactful business growth in a global arena,” says Ole Kristian Jødahl, CEO Alimak Group.

“I really look forward to joining the Alimak Group team. It is a customer centric and driven organisation with a strong product portfolio and market position. I believe that my experience can further support the strong growth path the business is already on,” says Jens Holmberg.

Jens will be part of the Group Leadership Team.
