

## **Alimak Group signs new construction order with Canary Wharf Contractors to a value of approximately SEK 55 million in the UK**

**Alimak Group, market leaders in vertical access solutions, has been awarded the contract to provide equipment and services on the flagship 57-story residential skyscraper in the new Wood Wharf development in Canary Wharf, London. The project will run until 2020 with most of the equipment being delivered during 2017.**

The order includes high performance Construction Hoists with related services for the vertical access systems during the project.

“This is the third large order we have received from the Canary Wharf Group recently in London and we are proud to extend our partnership on this project. The new Wood Wharf development of office and retail space is very exciting and we are very pleased to see a continued interest in our solutions that are built to support safe and reliable vertical access during the construction period”, says Tormod Gunleiksrud, CEO, Alimak Group.
